

4th International Conference on Sustainability in Hydropower

FlowForward: Rethinking Hydropower to Safeguard Rivers and People in a Changing World

22-25 June 2027 - Lisboa, Portugal

Guidelines for abstract submission

1. Submission process

- Abstracts must be submitted exclusively through the **Online Submission Form**.
- The abstract, including author names and affiliations, should be entered directly into the provided text boxes.

2. Abstract format and structure

- Authors must select the most relevant topic and theme for their abstract.
- A presentation preference (oral or poster) should be indicated; however, the Scientific Committee reserves the final decision on presentation format.
- The abstract must not exceed **300 words**, and the title no more than **20 words**. Also, up to **5 keywords** should be provided.

3. Authorship and presentation

- Each author may only present two oral communications.
- Only one author may serve as the presenting author for each abstract.
- To be included in the conference program, the presenting author of an accepted abstract must complete full registration by 15 May 2027.

4. Publication opportunity

- A special issue in a scientific journal (journal to be determined) will be published following the conference.
- Authors can indicate during the submission process if they would like their full paper to be considered for this special issue.

5. Confirmation and support

- A submission receipt will be sent automatically to the corresponding author upon successful submission in the online system.
- If you do not receive a confirmation email, please contact the Technical Secretariat to verify your submission.

For any additional questions, please reach out to the conference organizers (sushp2027@gmail.com).
